Dear Sandeep,

As you are aware, the PM Gati Shakti – National Master Plan (PMGS-NMP) is a flagship initiative of the Government of India, being implemented by the Department for Promotion of Industry and Internal Trade (DPIIT), aimed at enabling integrated planning and coordinated implementation of infrastructure projects through a unified digital platform.

Under the initiative, departments were requested to complete registration and submit their Standard Operating Procedure (SOP) for their respective data layers. Further, a training session was conducted on 22nd May 2026 by BISAG-N and Geospatial Delhi Limited (GSDL), wherein detailed guidance was provided regarding registration and SOP preparation.

As per the prescribed framework, each department is required to register at least one Approver and one User on the PM Gati Shakti portal, with additional Approvers or Users can be created as per requirement. Further, Geospatial Delhi Limited (GSDL) has been designated as the centralized Data Manager for the NCT of Delhi, and Departments are required to share their respective data with GSDL for upload and management on the portal. A sample Standard Operating Procedure (SOP) provided by the DPIIT has already been shared, and the Department is required to finalize and submit its SOP accordingly.

It is observed that the Department has yet to complete registration on the PM Gati Shakti portal and has not submitted the Standard Operating Procedure (SOP) for data sharing to Geospatial Delhi Limited (GSDL).

I would request your personal intervention to ensure that the required registration is completed, and SOP is submitted at the earliest, so that the platform can be operationalized effectively.

With regards

Yours sincerely,

(Dr. Sajjan Singh Yadav)
