OFFICE MEMORANDUM

Subject:- Submission of Certificates Regarding Uploading and Verification of Road Data on the GSDL Portal.

In continuation of this office Memoranda dated 10.09.2026 and 16.09.2026, all concerned Executive Engineers (Civil) [EEs (C)] who attended the scheduled session for uploading and updating road data on the GSDL Portal were directed to submit a certificate confirming that all roads under their respective jurisdictions have been uploaded on the portal and that the data has been duly verified for completeness and accuracy. The verification shall also cover any remaining duplication/redundancy, as well as any roads inadvertently reflected under their respective jurisdictions.

Despite repeated telephonic reminders from this office, only 8 out of the 17 EEs have submitted the requisite certificates that too conditional with updation done of about 85-90% of roads under their jurisdiction only. The remaining 9 EEs are yet to submit their certificates.

Recently additional features like "Spilt" and "Transfer" have been added on the RAUS portal to facilitate such road stretches needing splitting and transfer. Accordingly, final updation has to be carried out by all the Concerned EEs so as to achieve 100% updation under their jurisdiction and furnish the certificate to this effect unconditionally.

Accordingly, all the EEs are directed to go through the list of roads on RAUS portal under their jurisdiction and update the same if needed including such splitting/transfer and filling the mandatory attributes either on their own or through GIS cell at MSO Building and furnish the unconditional certificate by 15.10.2026.

The matter shall be accorded **top priority**, and strict compliance with the above directions shall be ensured. Since the updation of road data on the GSDL Portal is being closely monitored at the higher level, any further delay or non-compliance shall be viewed seriously.

This issues with the approval of E-in-C, PWD.
